

Company Profile

Public listed company – BSE Ltd
(Bombay Stock Exchange)ID:
ASMTEC Code: 526433

Global Presence: India, USA,
Singapore and UK

Some Facts – Product Development

100+	1000+	200000+	100000+
Co-created Products	Product Releases	Parts Engineered	Test Cases Automated

HANDS ON

Services Spectrum

- Engineering Service
- Product R&D
- Virtual Reality (VR), edX
- Product Lifecycle
- Sustenance Lifecycle
- Internet of Things (IoT)

Industries

Semiconductor Tools/ Equipments

Hi-Tech

Medical Equipment

Automotive and Aerospace

Enterprise Storage & Networking

Consumer Electronics

Engineering Service

System Design House

- Product system level design
- Manufacturing Engineering and Support
- Value Engineering

Embedded Systems

- Hardware design
- Software design

Prototyping, Testing and Pilot

Production

Sustenance Life Cycle Management

- Sustenance Engineering
- Obsolescence Management
- Engineering Change Management
- Technical Publication

Some Facts – Sustenance Life Cycle

200000+	40000+	10000+	30000+	110000 +
BoM Size	Service Requests	ECR's	Tech Reviews	Parts Re-Engineered

Virtual Reality (VR)
