Accelerating Innovation with Design-Led Manufacturing

India stands poised at the forefront of a transformative wave in the dynamic global enterprise landscape where innovation reigns. The nation is slated to be a Design-Led Manufacturing (DLM) hub. Businesses globally are shifting their focus to India for design and manufacturing, attributed to its strong engineering capabilities and favourable geopolitical conditions.

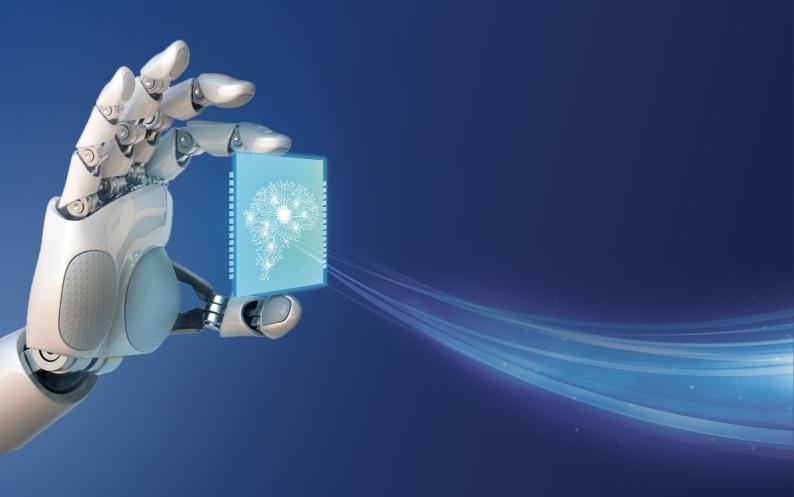

Within this ecosystem,
ASM Technologies Limited
emerges as a global leader in
Engineering Services and
Design-Led Manufacturing,
seamlessly weaving together
engineering expertise and
design ingenuity.

The Company's expert manufacturing engineers and designers foster a culture of collaboration to maintain the end-to-end aspect of a product's life cycle.

With complete ownership of the end-to-end design, development, and manufacturing, the Company assures design excellence and high-quality products.

ASM Technologies Limited remains grounded in its commitment to human-centric design. By leveraging state-of-the-art facilities and collaborative labs, the Company empowers its customers to co-create transformative solutions that resonate with human needs. This relentless focus on innovation fuels ASM Technologies Limited's growth trajectory and propels the entire industry towards new frontiers of possibility.

As the Company continues to chart new territories and redefine the boundaries of possibility, it is a testament to the power of design-led manufacturing in driving accelerated innovation.

Message from the Managing Director

Mr. Rabindra Srikantan Managing Director

Dear Shareholder

ASM Technologies Limited welcomes its stakeholders, employees, partners, and shareholders as we reflect on our significant achievements, the challenges navigated, and our strategic outlook for the future.

Rapid technological advancements and a notable shift toward sustainability are currently transforming the global economy. Consequently, the Manufacturing and Engineering Research & Development (ER&D) sectors are witnessing more sustainable practices and increased demand for digital solutions. These trends have positively impacted ASM Technologies Limited's strategic initiatives, fostering continual innovations and unwavering adaptation to market needs.

Undoubtedly, ASM Technologies Limited has steadfastly solidified its presence and reputation in Engineering Services and Design-Led Manufacturing (DLM). Our three decade expertise has resulted in achieving significant financial milestones – ₹ 1,222.82 million in standalone revenue and ₹ 2,016.49 million in consolidated revenue. While we faced challenges and did not perform as well as we expected this year, we believe that in coming year our investments in this direction will help the company grow significantly.

ASM Technologies Limited has strategically expanded its business by acquiring 100% of Semcon Engineering Private Limited in the United Kingdom. This acquisition marks a significant milestone for the company, as it not only enhances our capabilities in emerging technologies and increases customer base. This acquisition aligns with our long-term vision of becoming a global leader in Engineering Research & Development (ER&D) and DesignLed Manufacturing (DLM).

Our investment in ASM HHV Engineering Pvt Ltd is another testament to our forward-thinking approach. It is poised to accelerate our growth in Semiconductor/Solar Equipment related systems and sub-systems manufacturing in the coming years, as we focus on expanding our technological capabilities and market reach. The synergy between ASM Technologies Limited and HHV Advanced Technologies Private Limited will drive innovation and operational excellence, enabling us to offer cutting-edge solutions to our clients.

We had to face challenges in product and market development in the past two years of our operations in RV Forms and Gears LLP (F&G). We have streamlined the processes and operations. We believe that we are now poised to expand further in the Design Led Manufacturing sector through strategic alliances and are engaged with global leaders who have expressed interest in our capabilities in F&G.

In summary, ASM Technologies Limited is committed to leveraging strategic acquisitions and investments to drive growth and innovation. By expanding our capabilities and forming alliances with industry leaders, we are well-positioned to capitalize on emerging opportunities and deliver sustainable value to our stakeholders. Our focus on technological advancement, operational efficiency and strategic partnerships will guide us as we continue to evolve and thrive in the global market.

India's ER&D sector shows promising growth prospects fueled by sustainable and digital engineering initiatives, with projected expenditure reaching \$250-280 billion by 2030 as per Nasscom's "Seizing the ER& D Advantage Frontiers for 2030" report. The sector's primary growth drivers include artificial intelligence (AI)/machine learning (ML), robotics, and automation, enhancing operational efficiency across industries. Accordingly, ASM Technologies Limited will continue to focus on advancing digital engineering and sustainable solutions, leveraging strategic partnerships and innovations. We are pleased to report our continuous expansion into new markets and successful launches of innovative platforms designed to meet customers evolving needs.

ASM Technologies Limited is dedicated to integrating social responsibility and sustainability into our business strategy. We focus on positively contributing to the communities we serve, reducing our environmental footprint, and promoting sustainable practices. Our CSR policy underscores our commitment to supporting health, education and sports initiatives, thus registering our impact on social development and well-being. ASM Technologies Limited adheres to the highest standards of corporate governance, assuring integrity and accountability and ensuring transparency in our operations.

ASM Technologies Limited deeply values the dedication and insights of our existing <u>Board members</u>, whose guidance and experience have been instrumental in our success. Their continued leadership is essential in driving the Company forward with good corporate governance and ensuring alignment with our strategic objectives, corporate vision, and stakeholder expectations. ASM

Technologies Limited's unwavering commitment to governance excellence fosters a culture of ethical conduct and integrity.

ASM Technologies Limited remains committed to delivering value by prioritizing innovation with customercentric solutions. We will always strive to strengthen our relationship with stakeholders through transparent communication and value creation. Simultaneously, our robust financial performance and strategic initiatives reflect our dedication to long-term stability and growth.

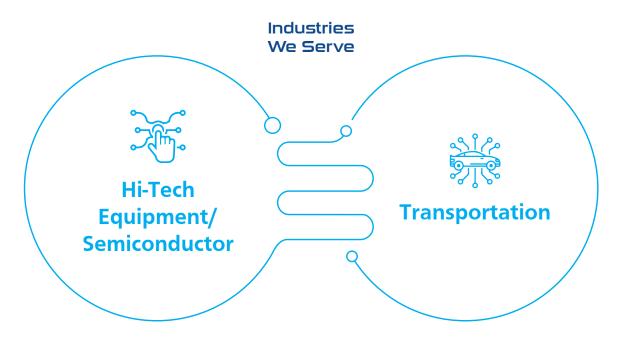

On behalf of the company management and leadership, I take this opportunity to thank:

- » Our esteemed customers, stakeholders, vendors, business partners, advisors and consultants for their support,
- Employees for their valuable contributions, sustained efforts, and dedicated spirit,
- » India- State Bank of India, Incube Branch, ICICI Bank Limited,
- » US- HSBC Bank, Premier Bank
- » UK- State Bank of India
- » Singapore- Indian Bank, ICICI Bank
- » Japan- State Bank of India, Rakuten Bank.
- » Central and State Government, Customs, Reserve Bank of India, Software Technology Parks (STPI) and NASSCOM for their guidance

Thanks & Regards

The Digital Manufacturing section has some highly advanced and innovative products on Industry 4.0. It's interesting to witness such a wide variety of technological advancements on one platform. We visited several companies including the measurement and related services company Accurate. We discovered that Mazak is coming up with a new plant in India, which is in alignment with the 'Make in India' initiative you can say. Sphoorti Machine Tools has some extremely interesting products,

not only for Indian manufacturers but for global too. It is promising to see that Indian companies are also catering to the requirements of global players. ASM Technologies Ltd and Rajamane Industries Pvt Ltd also have come up with some interesting products. It's been a satisfying experience at IMTEX 2023.

Letter from Designated Partner, RV Forms & Gears

Dear Fellow Shareholder,

This year marks the 52nd year of RV Forms & Gears LLP - An ASM Technologies Limited Company. For over five decades Forms and Gears has been a pioneer in designing and manufacturing complex, high precision fixtures for the world's leading auto, machine tool, electronics and mobile phone manufacturers, across the globe. This year we did a number of technically challenging projects.

Aerospace and Defence

We entered the Aerospace sector for the first time executing design and manufacture projects for a French multinational aerospace and defence corporation that designs, develops and manufactures aircraft engines, helicopter engines, spacecraft propulsion systems as well as various other aerospace and military equipment. The company has a global presence and we hope to leverage our partnership with them for their facilities outside India too.

We have also bagged orders with an Indian aerospace manufacturing and defence technology company that is owned by one of India's largest conglomerates.

In the defence sector we bagged orders for large size Engine Blocks for tank engines.

Railway Sector

We have executed projects from the railway segment for very large size Suspension Tubes which is the housing for the axle shaft connecting the coach wheels.

Electronics Sector

Significant investments have been made in infrastructure and product qualification for the mobile phone industry and we have done prototype and qualification of a large quantity of fixtures for companies in the eco system. We believe that this will yield results in the long term, as this is considered a sunrise industry and a number of big MNCs and Indian companies have invested billions of dollars in infrastructure and plants in India. Being one of the leading fixture builders in the country we are

Reji VargheseDesignated Partner, RV Forms & Gears LLP

well positioned to capitalise on the demand for Fixtures from companies in this sector over the long term. We are currently developing products with major mobile phone Contract Manufacturers and System Integrators.

Awards and Recognition

We bagged an <u>award</u> from an Indian conglomerate which specialises in power generation. The company specialises in the manufacture of air-cooled and liquid-cooled diesel engines and gensets. This award was in recognition of the outstanding contribution and the strong and enduring relationship we have built with this company for over two decades. We also bagged an order from this company for the design and manufacture of common fixtures for 12, 16 and 20 cylinder blocks.

Green Initiative

As part of the ASM group's focus on <u>sustainability</u> and preserving the environment, we are working with renowned artist to design and manufacture a piece titled "Ocean's Breath". This was inaugurated as part of the permanent "The Living Ocean" exhibition at Dakshinachitra Museum, Chennai recently. This piece aims to emphasize the urgent need to protect our oceans amidst the growing threat of climate change. These accolades were to honour outstanding contributions to raising awareness about climate change.

Thanks & Regrads

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2024 (April 1, 2023 to March 31, 2024), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed, and other records maintained by the Company for the financial year ended on March 31, 2024, according to the provisions of:

- i. The Companies Act, 2013 ('the Act') and the Rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Byelaws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings.
- v. The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosures Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Benefits Employee Benefits and Sweat Equity) Regulations, 2021; Not Applicable as the Company does not have Employee Stock Option Scheme for its employees;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; Not applicable as the Company has not issued any debt securities during the financial year under review;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; - Not applicable as the Company is not registered as Registrar to an Issue and Share Transfer Agent during the financial year under review;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; Not applicable as the Company has not delisted its equity shares from any stock exchange during the financial year under review; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; Not Applicable as the Company has not done any buyback of its securities during the financial year under review.

Corporate Overview

- vi. The Company has identified the following laws as specifically applicable to the Company:
 - 1. The Special Economic Zone Act, 2005;
 - 2. Information Technology Act, 2000 and the rules made thereunder;
 - 3. Policy relating to Software Technology Parks of India and its Regulations

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India (ICSI)
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; ("LODR Regulations")

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

The company was marked non-compliant with Regulation 3(5) and/or Regulation 3(6) of the SEBI (Prohibition of Insider Trading) Regulations, 2015. According to Exchange Circular No. 20230125-33 dated January 25, 2023, the Exchange had listed the Compliance Officer's name on the "Get Quote" page of the Exchange website, marking the company as non-compliant with the Structured Digital Database (SDD) requirements.

To rectify this, the stock exchange required that the Company submit a quarterly compliance certificate from a practicing Company Secretary for the first and second quarters of the year. Company diligently followed these directives, leading to the successful resolution of the compliance issues.

Following a virtual inspection of Company's SDD software by BSE on November 3, 2023, and a review of additional documents, the company was found to be compliant with the relevant regulations. Consequently, the names of the company and the Compliance Officer have been removed from the non-compliant list.

We further report that:-

At an Extra-Ordinary General Meeting (EGM) held on March 08, 2024, members approved new Articles of Association ("AOA") aligned with the Companies Act, 2013. At the same EGM, members also approved the issuance of up to 800,000 Equity Shares at ₹470.70 each (including a premium of ₹460.70 per share) totalling ₹37,65,60,000 and 28,14,390 warrants, each convertible into one fully paid-up equity share at ₹470.70 each (including a premium of ₹460.70 per warrant) totalling ₹1,32,47,33,373 payable in cash, in accordance with SEBI (ICDR) Regulations on a preferential basis.

The Board of Directors of ASM Technologies, at the meeting held on November 1, 2023, approved the 100% acquisition of Semcon Engineering UK Limited through a share purchase agreement.

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance. Further, a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' if any, views are captured and recorded as part of the minutes. As per the minutes of the meetings, the decisions of the Board were taken unanimously.

We further report that based on our review of the compliance mechanisms established by the Company and the Compliance Certificate(s) issued/status updates by the Company Secretary, which were recorded by the Board of Directors at their meetings, we are of the opinion that the management has adequate systems and processes commensurate with its size and operations, to monitor and ensure compliance with all applicable laws, rules, regulations and guidelines.

As informed, the Company has responded to notices for demands, claims, penalties etc. levied by various statutory / regulatory authorities and initiated actions for corrective measures, wherever necessary.

ASM Technologies' Sponsorship Initiatives a. Sri Sathya Sai Sarla Memorial Hospital

As part of our Corporate Social Responsibility (CSR) commitments, ASM Technologies has proudly sponsored critical healthcare initiatives to improve community well-being. The main sponsorship initiative was the installation of a Picture Archiving and Communications System (PACS) in the Radiology Department of Sri Sathya Sai Sarla Memorial Hospital. This advanced system will enhance the hospital's diagnostic capabilities, facilitate remote consultations, and support the hospital's telemedicine services, thereby improving healthcare accessibility and efficiency for rural populations. The PACS system will provide economical storage, easy access, and remote viewing of medical images from various modalities such as MRI, CT scans, X-rays, and ultrasound, supporting both patient care and medical education.

In addition to the PACS sponsorship, ASM Technologies also sponsored medications for diabetic patients, benefiting individuals. Our sponsorship efforts are aimed at bridging the healthcare gap in underserved areas, ensuring better health outcomes, and fostering sustainable community development.

Impact of PACS System Installation at Sri Sathya Sai Sarla Memorial Hospital

The installation of a Picture Archiving and Communications System (PACS) in the Radiology Department of Sri Sathya Sai Sarla Memorial Hospital, this advanced system has significantly enhanced the hospital's diagnostic capabilities. The PACS system offers economical storage, easy access, and remote viewing of medical images from various modalities such as MRI, CT scans, X-rays, and ultrasound. This technology not only supports patient care by streamlining the diagnostic process but also enhances medical education by providing a robust tool for training future healthcare professionals. Over April and May 2024, the system facilitated a total of 909 CT scans, 4874 ultrasound tests, and 5271 X-rays. Moreover, 62 medical students and 15 B.Sc. Radio Imaging Technology students have benefited from the PACS system, which has been instrumental in their academic and practical training.

The successful implementation and utilization of the PACS system at Sri Sathya Sai Sarla Memorial Hospital underscore ASM Technologies' commitment to enhancing healthcare infrastructure and services in rural and underserved communities. We extend our sincere gratitude to the hospital staff for their dedication and collaboration in making this initiative a success. Our CSR initiatives continue to focus on creating meaningful and sustainable improvements in community health, reflecting our commitment to social responsibility and community welfare.

b. Sponsorship of Summer School in Electronics & Computers (SUSIEC)

The Institution of Electronics & Telecommunication Engineers (IETE) Bangalore Centre has been successfully organizing the Summer School in Electronics & Computers (SUSIEC) for over three decades. This esteemed program is aimed at students in the 8th, 9th, and 10th standards during their summer vacations, with the objective of fostering an early interest in the fields of Electronics and Telecommunication.

Since the 2017-18 academic year, ASM has been a proud sponsor of SUSIEC as part of our Corporate Social Responsibility (CSR) initiatives. Our sponsorship includes partial funding of the course fees, provision of tool kits, and the institution of awards and prizes. These recognitions are presented under the Dr. S. Srikantan Memorial Award, in honor of our former Chairman, the late Dr. S. Srikantan.

The SUSIEC curriculum is meticulously designed to provide a comprehensive educational experience, comprising two hours of technical presentations followed by two hours of practical sessions each day. At the culmination of the course, an exhibition is organized where students have the opportunity to showcase their projects. These projects are meticulously evaluated and rated by a panel of distinguished academicians and corporate leaders.

For the 2023-24 session, we had the privilege of awarding prizes to 21 exemplary students. This initiative is a testament to our unwavering commitment to educational development and our dedication to nurturing the next generation of professionals in the Electronics and Telecommunication sectors.

Impact of SUSIEC

The SUSIEC program has a significant impact on participating students, providing them with valuable hands-on experience and technical knowledge that goes beyond their regular school curriculum. By exposing students to advanced concepts in Electronics and Telecommunication at an early age, we aim to ignite a passion for these fields and inspire them to pursue related careers.

Many participants of the SUSIEC program have gone on to excel in their academic, crediting their foundational understanding and enthusiasm to their experiences at the summer school. The practical skills and problem-solving abilities they develop through SUSIEC prepare them for future challenges and innovations in the technology sector.

ASM's support of SUSIEC aligns with our broader goal of contributing to societal advancement through education. By investing in the education and development of young minds, we are helping to build a skilled and motivated workforce that will drive technological progress and innovation in the future.

ASM remains committed to supporting initiatives that inspire and empower young minds, ensuring a robust and innovative future for the industry.

c. Supporting Indian Athletes through world marathon

As part of our ongoing Corporate Social Responsibility (CSR) initiatives, ASM Technologies proudly participated in the marathon. This event offered our employees a wonderful opportunity to refresh their minds, strengthen team bonds, and promote a healthy lifestyle. More importantly, it allowed us to support the GoSports Foundation, a National Award-winning not-for-profit organization. GoSports Foundation has been instrumental in developing over 200 emerging and elite Indian athletes across Olympic and Paralympic disciplines through scholarships and knowledge-building programs. With Indian sports at a pivotal juncture following landmark performances

- at the Tokyo Olympics and Paralympics, and with the upcoming 2022 Asian Games, 2022 Asian Para Games, 2024 Olympics, and 2024 Paralympics, our support is more crucial than ever. By participating in the marathon, ASM Technologies is proud to contribute to the growth and success of Indian athletes, helping them achieve their dreams and fostering the advancement of the Indian sporting community. Together, we are committed to #ChangeTheScript and support a brighter future for Indian sports.
- The CSR Committee, hereby confirms that the implementation and monitoring of CSR Policy is in compliance with CSR objectives and Policy of the Company.

Corporate Overview

Management Discussion and Analysis Report

Overview

ASM Technologies Limited and its subsidiaries have been providing world-class consulting and product development services in the areas of Engineering Services and Design-Led Manufacturing with successful Off-shore Development & Support Centres in India and Overseas for its global clientele. The Company is a public limited company incorporated in India with a registered office in Bengaluru, Karnataka, India. The Company`s shares are listed with BSE Limited.

The Ministry of Corporate Affairs (MCA) vide notification dated February 16, 2015, notified the Ind AS applicability to certain classes of companies. Ind AS has replaced the existing Indian GAAP prescribed under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules 2014. For ASM Technologies Limited, Ind AS is applicable from April 1, 2017.

Industry Structure and Development

India's Engineering Research and Development (ER&D) sector is rapidly evolving, attributed to the integration of digital technologies and increased focus on sustainability. Key growth areas include Al-enhanced industrial analytics, predictive maintenance for heavy machinery, and the development of smart factories. Simultaneously, the industry's structure is becoming more complex, with increased collaboration between start-ups, Global Capability Centres (GCCs), Engineering Service Providers (ESPs), and academia. Accordingly, digital engineering innovation hubs and sector-specific incubators play a pivotal role in fostering innovation and addressing industry challenges such as talent gaps and the lack of advanced lab facilities.

Opportunities and Threats

There are abundant opportunities in the ER&D sector, particularly in areas like industrial IoT, digital twins, and automation. The demand for data-driven solutions drives companies to invest heavily in ER&D to optimise factory operations and improve product design through cross-functional collaboration. However, the sector faces significant threats, including talent shortages, rapid technological obsolescence, and increasing cybersecurity threats. Also, geopolitical uncertainties and shifting consumer preferences pose challenges that companies must navigate to maintain their competitive edge.

ASM Technologies Limited is a pioneer in Engineering Services and Design-Led Manufacturing and believes in its competitive strengths. The Company's Global Delivery Model and core competencies consider the changing economic scenarios as an opportunity to provide greater value to existing clients and add new clients. The Company's specific industry, domain, and technology expertise allows it to facilitate business transformation for its clients through innovative strategies and solutions. Additionally, its process-driven engineering and planning ensure that quality products are delivered at the optimum time and cost.

Segment-Wise or Product-Wise Performance

The performance of various segments within the ER&D sector varies significantly. For instance, the industrial segment, including construction, heavily invests in data-backed operations to enhance efficiency and output quality. Similarly, the semiconductor segment focuses on embedded engineering and VLSI design, leveraging the expertise available in regions like Southeast Asia and Eastern Europe. Meanwhile, the software segment is witnessing increased commoditisation, with ER&D activities globally distributed to capitalise on cost efficiencies and market expansion opportunities.

The outlook for the ER&D sector in India is optimistic, with projected growth driven by advancements in digital engineering and sustainability initiatives. By 2030, the industrial ER&D spend is expected to reach \$250-280 Billion, growing at a CAGR of 8-9%. As per Nasscom report Key growth drivers include the increased adoption of automation, robotics, and Al-enhanced analytics. In addition, the focus on developing integrated product-service solutions is expected to contribute significantly to the sector's expansion as companies look to offer comprehensive solutions that enhance customer experience and operational efficiency.

5. Risks and Concerns

The ER&D sector contends with several risks and concerns. Talent shortages and skill gaps are particularly pressing, as the industry requires a workforce skilled in new digital technologies. Similarly, data privacy and cybersecurity threats are major concerns, given the increasing reliance on digital solutions. Additionally, regulatory and compliance challenges and ethical considerations related to AI bias pose significant risks.

Accordingly, companies must address these issues proactively to ensure sustainable growth and maintain stakeholder trust:

Competition Risk

In this highly competitive global business environment, only firms that continually upgrade their capabilities and offerings in line with emerging technologies and market imperatives can hope to survive and thrive in this environment. Capability building and continual upgrading are essential for organisational survival and growth.

Technologies have been surging, from traditional technologies to Analytics, Big data, Artificial Intelligence, and Robotics. The Company stays inclined to enhance the value proposition for its customers by deepening its domain expertise, technological capabilities, and customer engagement. It competes with other technology service providers in response to requests for proposals, and in certain services, there is increased competition, resulting in price pressures.

Furthermore, the unrivalled blend of engineering culture and technology skills adopted by the Company and its strategic acquisitions and management resources add to its capability to offer innovative and value-added solutions and services by integrating its diverse domain knowledge experience.

b. Financial Risk

The ER&D sector re-adapts to technology disruptions by reshaping enterprises and focusing on technology-led platforms. This is because the currency volatility and innovative technologies, such as artificial intelligence and automation, have disrupted the sector's traditional products and solutions. With a significant portion of the Company's revenues coming from exports, volatility in exchange rates may impact the Company's business adversely.

The Company, however, mitigates the risks with robust accounts, receivable management, a centralised framework to control expenses, and currency hedging strategies by the management. It has a defined policy for managing its foreign exchange exposure. The Company tracks the foreign exchange markets closely and makes appropriate hedging decisions from time to time if need be. The Board's risk policy covers some of these large macro-level risks and remedial measures taken by the Company to face and mitigate some of these risks.

c. New Technologies and Business Models

Engineering Research & Development continues to be the fastest-growing segment, driven by global majors. India continues to be the core of digital innovation, with a rich ecosystem of start-ups, tech providers, and service providers engaging in global delivery and investing in IP, solutions, and Centres of Excellence (CoE). Digital became mainstream during the year, with the industry increasingly investing in digitised solutions to drive future growth opportunities.

Furthermore, the Indian ER&D companies need to speed up the process of adopting technology to stay future-proof. This is because the industry is fraught with challenges and opportunities, with Artificial Intelligence (AI), automation, and machine learning, permeating every facet of a business. As a System Design House, ASM Technologies Limited is fully equipped to handle complex Software, Electronics, Mechanical, and Embedded software design and development to complete the product under one roof. Moreover, working prototypes and manufacturing enable total product realisation for the client. In its effort to step up non-linear growth, some of the key designs by the Company's Engineering Services group are being prototyped. They will be manufactured in limited quantities through partner companies and delivered to strategic customers.

Moreover, the Company regularly audits and verifies its compliance with security and disaster recovery measures. The impact of investments in Innovation and R&D has accelerated ASM Technologies Limited's growth. Also, they have placed the Company at the forefront of Product Development while getting global recognition. The initiative has, therefore, been on developing future products to align with the changing technologies, market, and customer demands.

d. Geography Risk

The business environment in the past year has been volatile and uncertain, given the current pandemic. The Company has insulated its overall performance from the impact of market exigencies and vagaries with a domestic and international spread of business and various solutions and services combinations. The Company`s well-honed skills enable it to spread its business efficiently across geographies. Moreover, it derives most of its revenues from offshoring business, resulting in a healthier bottom line and protection from risks from any downward spiral in any economy. The Company`s growth does not depend on any specific geographic area or specified industry segment.

Corporate Overview

Internal Control Systems and Their Adequacy

Effective internal control systems are crucial for the ER&D sector to manage risks and ensure operational efficiency. Integrating advanced data analytics and AI in internal controls can help detect anomalies and enhance decisionmaking processes. Also, establishing industry-specific lab facilities and innovation hubs can provide robust testing and validation environments to ensure the quality and reliability of ER&D outputs. Regular audits and adherence to international standards are essential to maintain the integrity of internal control systems and foster a culture of continuous improvement within the sector.

The Internal Control System has been designed to ensure that the assets and interests of the company are protected. On the other hand, the dependability of accounting data and its accuracy are ensured with proper checks and balances. The internal control systems adopted by the Company are adequate and appropriate to its operations for the uninterrupted functioning of its business. The existing internal control systems and their adequacy are frequently reviewed and improved to meet the changing business environment.

Further, the Company has an internal audit to examine and evaluate the adequacy & effectiveness of its Internal Control System. The internal audit ensures that the system designed and implemented to provide adequate internal control commensurate with the Company's size and operations. The Audit Committee of the Company, chaired by the independent director and consisting of other non-executive independent directors, periodically reviews and commends the Company's quarterly, half-yearly, and annual financial statements. A detailed note on the functioning of the audit committee forms part of the chapter on Corporate Governance in this Report.

The management duly considers and takes appropriate action on the recommendations made by the statutory auditors, internal auditors, and independent Audit Committee of the Board of Directors.

Report on Corporate Governance

(Pursuant to Schedule V (C) of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015

Company's Philosophy on Code of Corporate Governance

At ASM, Corporate Governance is a core principle that guides our business processes and is deeply rooted in our commitment to ethical values. These values and principles establish the framework for managing our company affairs with fairness and transparency. We believe that robust corporate governance is essential for enhancing and maintaining investor trust, and we consider it our inherent responsibility to disclose timely and accurate information regarding our financial performance and overall company activities.

Corporate Overview

Effective corporate governance necessitates a clear understanding of the roles of the Board and senior management, and their interrelations within the corporate structure. During the year under review, our Board has continued to pursue these objectives through the adoption and monitoring of strategic corporate policies, prudent business planning, risk management, and ensuring compliance with legal and ethical responsibilities. At the heart of our corporate governance practice is the Board of Directors, which is tasked with safeguarding and advancing the interests of our shareholders, acting as their representative in establishing corporate policies, and reviewing management's execution of these policies. The Board of Directors fully supports and endorses corporate governance practices, striving to exceed statutory requirements.

The Company is in compliance with the requirements stipulated under Regulations 17 to 27 read with Schedule V and clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), as applicable, with regard to corporate governance

Independent Auditor's Report

To the Members of ASM Technologies Limited Report on Audit of the Standalone Financial Statements

Opinion:

We have audited the standalone Ind AS Financial Statements of ASM Technologies Limited ("the Company") which comprise of balance sheet as at March 31, 2024, the statement of profit & loss, statement of changes in equity and the cashflow statement for the year then ended, notes to Ind AS financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, profits, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter:

Attention of members is invited to note 42 of the financial statements regard proposed merger of the Company with ASM Digital Engineering Private Limited with effect from April 1, 2023 or such other date as approved by the National Company Law Tribunal. The Company has not yet received the order on the date of this report and no adjustments have been carried out in the books of account. We have not modified our report in this regard.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters

How our audit addressed the key audit matter

Adoption of Ind AS 115 - Revenue from Contract with Customers as described in note 2.2 (i) and note 18 of the financial statements:

The Company has accounted revenue as per Ind AS 115 - Revenue from Contracts with Customers.

Application of Ind AS 115, including selection of transition method involves significant judgment in determining when 'control' of the goods or services underlying the performance obligation is transferred to the customer. As the revenue recognition, due to the significance of the balance to the financial statements as a whole, we regard this as a key audit matter.

As part of our audit procedures, our procedures included the following:

We have read the accounting policy for revenue recognition and assessed compliance of the policy in terms of principles enunciated under Ind AS 115.

We obtained and understood the revenue recognition process including determination of point of transfer of control and completion of performance obligation. We performed test of details, on a sample basis, and examined the underlying customer contracts.

We examined the disclosures made by management in compliance with the requirements of Ind AS 115.

Conclusion

Our procedures did not identify any material exceptions.

Other Information, [such as "Information Other than the Financial Statements and Auditor's Report Thereon"]:

The Company's Board of Directors is responsible for the other information. The other information comprises the board report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Management's Responsibility for Standalone Ind AS Financial Statements:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism through the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure – A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - The Balance Sheet, the Statement of Profit and Loss, statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act as amended from time to time.
 - On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on that date from being appointed as a director in terms of Section 164 (2) of the Act.
 - With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure - B".
 - With respect to the other matters to be included in the Auditor's Report in accordance with requirement of Section 197 (16) of the Act, as amended:
 - In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Company is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director/ manager by the Company, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.
 - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed its pending litigations which would impact its financial position in Note 31 of the Standalone Ind AS financial statements.
 - ii) The Company did not have any long-term contracts as required under the applicable law or accounting standards, and also not entered into any derivative contracts, accordingly no provision is required to be made in respect of material foreseeable losses.

- iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv) a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement
- v. a) The final dividend paid by the Company during the year declared which was proposed in the previous year is in accordance with section 123 of the Act.
 - b) As per note 40 of the financial statements, the Board of Directors has proposed a final dividend which is subject to approval by the members of the Company in ensuing annual general meeting.
- vi. Based on our examination and representation received from the Company, which included test checks, the Company has used an accounting software for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for the relevant transactions recorded in the software. Further during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE-B

REFERRED TO IN PARAGRAPH 2 (f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT TO THE MEMBERS ASM TECHNOLOGIES LIMITED.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act"):

We have audited the internal financial controls over financial reporting of ASM Technologies Limited ("the Company") as of March 31, 2024, in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company, in all material respects, has an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

1 CORPORATE INFORMATION:

ASM Technologies Limited (""the Company"") is a company incorporated under the Companies Act, 1956 and is a pioneer in providing world class consulting services in areas of Engineering services and Product Engineering services with successful offshore development & support centres in India and overseas for its global clientele. The shares of the Company is listed in Bombay Stock Exchange. The financial statements have been approved by the Board of Directors of the Company in their meeting held on May 30, 2023.

2 MATERIAL ACCOUNTING POLICIES:

2.1 Basis of Preparation:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017. The financial statements of the Company are prepared and presented in accordance with Ind AS.

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2 Summary of material accounting policies:

a) Use of Estimates:

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Any revision to accounting estimates is recognized prospectively.

b) Current versus non-current classification:

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Defferred tax assets/ liabilities are classified as non-current assets/ liabilities.

for the year ended March 31, 2024

c) Property, Plant & Equipment:

Property, plant and equipment ("PPE") are stated at the cost of acquisition less accumulated depreciation and write down for, impairment if any. Direct costs are capitalised until the assets are ready to be put to use. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of PPE as per Ind AS 16 are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of PPE and are recognized in the statement of profit and loss when the PPE is derecognized.

d) Depreciation:

Depreciation is provided on straight-line method as per the rates specified in schedule II of the Companies Act, 2013 ("the Act"). Depreciation for the assets purchased/sold during the year is proportionately charged. The assets' residual values and useful lives are reviewed at each financial year end or whenever there are indicators for revision, and adjusted prospectively.

e) Investment Properties:

Investment property represents properties held for rental yields and/or for capital appreciation or both rather than for:

- (a) use in the production or supply of services or for administrative purposes; or
- (b) sale in the ordinary course of business.

Investment property is stated at the cost of acquisition less accumulated depreciation.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of Investment Property as per Ind AS 40 are charged to the statement of profit and loss for the period during which such expenses are incurred.

f) Intangible Assets:

Intangible assets acquired separately are measured on intial cost. Subsequently, carried at cost less accumulated amortization and accumulated impariment losses, if any.

Intangible assets comprising of computer software is amortised on a over a period of three years as estimated by the management.

Gains or losses arising from de-recognition of an intangible asset are measured as a difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when asset is derecognised.

g) Leases:

Where Company is a Lessee:

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

for the year ended March 31, 2024

- the contact involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease
- (iii) the Company has the right to direct the use of the asset. "

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The borrowing rate applied to lease liabilities for discouting is 12.55%

- **Employee Benefits:**
 - (i) Short term employee benefits:

The employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, leave travel allowance, short term compensated absences etc. and the expected cost of bonus are recognised in the period in which the employee renders the related service.

(ii) Defined Benefit Plans:

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on project unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognized in OCI are not to be subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company recognizes re-measurement gains and losses on defined benefit plans (net of tax) to retained earnings.

The Company doesn't have a policy for encashment of leave

Revenue Recognition:

The Company derives revenues primarily from IT related services. Effective April 01,2018, the Company has adopted Ind AS 115, "Revenue from Contracts with Customers". Revenue is recognized upon transfer of control of promised services to customers in an amount that refelects the considereation we expect to receive in for those services.

Revenue on time-and-material contracts are recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue. Revenue from fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

for the year ended March 31, 2024

The Company recognised incentive from government in respect of Service Exports from India Scheme based on claim lodged by the Company.

i) Taxation:

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled. Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the assets will fructify.

Deferred income tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date."

k) Inventories:

Inventories are valued at cost determined on weighted average basis or net realizable values whichever is lower.

I) Foreign Currency Transactions:

Functional Currency:

The functional currency of the Company is the Indian rupee.

Transactions and translations:

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the balance sheet date. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the statement of profit and loss.

m) Provisions, Contingent liabilities and Contingent assets:

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow of embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions

for the year ended March 31, 2024

are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting obligations under a contract exceed the economic benefits expected to be received, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. A contingent asset is never recognised but only disclosed in the financial statements.

Segment reporting policies:

Identification of segments:

Operating Segments are identified on the basis of internal reports about components of the group that are regularly reviewed by the chief operating decision maker (CODM) in order to allocate resources to the segments and to assess their performance in accordance with Ind AS 108, Operating Segments. Since CODM evaluates Company's performance at a geographic segment level, operating segment information is accordingly given at geographic level.

Financial Instruments:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash & Cash equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iv) Financial assets at fair value through profit or loss:

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

for the year ended March 31, 2024

v) Financial liabilities:

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

vi) De-recognition of financial instruments:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

vii) Fair value of financial instruments:

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- > Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ➤ Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ➤ Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

viii) Investments in subsidiary:

Investments in subsidiary is carried at cost.

p) Impairment:

i) Financial assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii) Non-financial assets:

Tangible and Intangible assets: PPE, intangible assets and investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

for the year ended March 31, 2024

Cashflow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

2.3 Significant accounting judgements, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements:

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

(b) Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans - Gratuity

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates and expected salary increase thereon.

36 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations to support its operations. The Company's principal financial assets include trade and other receivables, rental and bank deposits and cash and cash equivalents, that derive directly from its operations. The Company is exposed to credit and liquidity risk. The Company's senior management oversees the management of these risks and the Board of Director's reviews these activities.

i. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument would fluctuate due to changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include trade payables. The Company is not exposed to price risk on the financial date.

The sensitivity analysis in the following sections relate to the positions as at March 31, 2024 and March 31, 2023.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations and provisions.

The following assumption has been made in calculating sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023 and March 31, 2022.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The operations of the Company are both in India and overseas. Company has been providing services to overseas customers. Hence, the Company is currently exposed to the currency risk arising from fluctuation of these foreign currencies and Indian rupee exchange rates.

The following table presents foreign currency risk for the below financial liabilities:

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). At the end of every financial year, the Company makes an assessment whether any loss allowance has to be provided for using the lifetime Expected Credit Loss (ECL) method.

iii. Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company's board of directors are responsible for liquidity, funding as well as settlement management.

Independent Auditor's Report

To the Members of ASM Technologies Limited Report on Audit of the Consolidated Financial Statements

Opinion:

We have audited the Consolidated Ind AS financial statements of ASM Technologies Limited ("the Company") and its subsidiaries and joint venture (collectively referred as "the Group") which comprise of balance sheet as at March 31, 2024, the statement of profit & loss, statement of changes in equity, the cashflow statement for the year then ended, and notes to Consolidated Ind AS financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, losses, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion:

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Key audit matters

How our audit addressed the key audit matter

Adoption of Ind AS 115 - Revenue from Contract with Customers as described in note 2.2 (i). and note 17 of the Consolidated Ind AS financial statements:

The Company has accounted revenue as per Ind AS 115 - Revenue from Contracts with Customers.

Application of Ind AS 115, including selection of transition method involves significant judgment in determining when 'control' of the goods or services underlying the performance obligation is transferred to the customer and the transition method to be applied.

As the revenue recognition, due to the significance of the balance to the financial statements as a whole, we regard this as a key audit matter.

As part of our audit procedures, our procedures included the following:

- We have read the accounting policy for revenue recognition and assessed compliance of the policy in terms of principles enunciated under Ind AS 115.
- We obtained and understood the revenue recognition process including determination of point of transfer of control and completion of performance obligation.
- We performed test of details, on a sample basis, and examined the underlying customer contracts.
- We examined the disclosures made by management in compliance with the requirements of Ind AS 115.

Conclusion:

Our procedures did not identify any material exceptions.

Other Matters:

- i) We did not audit ASM Digital Technologies Pte Ltd (Formerly known as Advanced Synergic Pte Limited) Singapore, subsidiary included in this Ind AS consolidated financial statements, whose financial statements reflect total assets of ₹15.35 million as at March 31, 2024, total revenues of ₹147.66 million, total net loss after tax ₹2.35 million as considered in these consolidated financial statements. The standalone financial statements have been audited by the other auditor whose report has been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, is solely based on the report of the other auditor.
- ii) Consolidated financial statements include unaudited financial statements of ASM Engineering Private Limited, UK and ASM Digital Engineering Private Limited, UK, whose financial statements reflect total assets of ₹47.75 million as at March 31, 2024, total revenues of ₹52.22 million, total net loss after tax ₹1.74 million as considered in this consolidated financial statement. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of this subsidiary based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Company, these financial statements are not material to the Group.

Other Information ["Information Other than the Financial Statements and Auditor's Report Thereon"]

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the board report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Management's Responsibility for Consolidated Ind AS Financial Statements:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with 6 the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism through the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

- As required by Section 143(3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - The Balance Sheet, the Statement of Profit and Loss, statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

- vi. Based on our examination which included test checks, except for a jointly controlled entity, the Holding Company and its subsidiary companies incorporated in India have used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiaries included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

ANNEXURE - A

REFERRED TO IN PARAGRAPH 1. f UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT TO THE MEMBERS OF ASM TECHNOLOGIES LIMITED.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act"):

In conjunction with our audit of Ind AS consolidated financial statements of the Company as of and for the year ended March 31, 2024, we have audited the internal controls over financial reporting of ASM Technologies Limited ("the Holding Company") and its subsidiary companies which are incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls:

The respective Board of Directors of the Holding Company and its subsidiaries, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Holding Company and its subsidiary companies which are incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

1 CORPORATE INFORMATION:

ASM Technologies Limited along with its wholly-owned and controlled subsidiaries ASM Japan KK, ASM Digital Technologies Pte Ltd, Singapore, ASM Engineering Pvt Ltd, UK, RV Forms & Gears LLP, ASM HHV Pvt Ltd, ASM Digital Technologies Co Ltd wholly-owned subsidiary of ASM Digital Technologies Pte Ltd and ASM Digital Engineering Private Limited UK, wholly owned subsidiary of ASM Engineering Pvt Limited (collectively referred to as "Group") is a pioneer in providing world class consulting services in areas of Engineering services and Product Engineering services with successful offshore development & support centres in India and overseas for its global clientele. The consolidated financial statements have been approved by the board of directors of the holding company on May 27, 2024.

2 MATERIAL ACCOUNTING POLICIES:

2.1 Basis of Preparation:

a) Statement of Compliance:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017. The financial statements of the Company are prepared and presented in accordance with Ind AS.

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2 Summary of material accounting policies:

a) Use of Estimates:

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Any revision to accounting estimates is recognized prospectively.

b) Current versus non-current classification:

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets/ liabilities are classified as non-current assets/ liabilities.

for the year ended March 31, 2024

c) Property, Plant & Equipment:

Property, plant and equipment ("PPE") are stated at the cost of acquisition less accumulated depreciation and write down for, impairment if any. Direct costs are capitalised until the assets are ready to be put to use. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of PPE as per Ind AS 16 are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of PPE and are recognized in the statement of profit and loss when the PPE is derecognized.

d) Depreciation:

Depreciation is provided on straight-line method as per the rates specified in schedule II of the Companies Act, 2013 ("the Act"). Depreciation for the assets purchased/sold during the year is proportionately charged. The assets' residual values and useful lives are reviewed at each financial year end or whenever there are indicators for revision, and adjusted prospectively.

e) Investment Properties:

Investment property represents properties held for rental yields and/or for capital appreciation or both rather than for:

- (a) use in the production or supply of services or for administrative purposes; or
- (b) sale in the ordinary course of business.

Investment property is stated at the cost of acquisition less accumulated depreciation.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of Investment Property as per Ind AS 40 are charged to the statement of profit and loss for the period during which such expenses are incurred.

f) Intangible Assets:

Intangible assets acquired separately are measured on intial cost. Subsequently, carried at cost less accumulated amortization and accumulated impariment losses, if any.

Intangible assets comprising of computer software is amortised on a over a period of three years as estimated by the management.

Gains or losses arising from de-recognition of an intangible asset are measured as a difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when asset is derecognised.

g) Leases:

Where Company is a Lessee:

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contact involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of lease
- (iii) the Company has the right to direct the use of the asset.

for the year ended March 31, 2024

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The borrowing rate applied to lease liabilities for discouting is 12.55%

Operating Leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term except where the increase in lease outgoings are in line with expected general inflation to compensate the lessor's expected inflationary cost increases.

h) Employee Benefits:

Short term employee benefits:

The employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, leave travel allowance, short term compensated absences etc. and the expected cost of bonus are recognised in the period in which the employee renders the related service.

Long term employee benefits:

(i) Defined Contribution Plans:

The Firm has contributed to state governed provident fund scheme, employee's state insurance scheme and employee pension scheme which are defined contribution plans. The contribution paid/ payable under the schemes is recognised during the period in which employee renders the related service.

(ii) Defined Benefit Plans:

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on project unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognized in OCI are not to be subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company recognizes re-measurement gains and losses on defined benefit plans (net of tax) to retained earnings.

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

for the year ended March 31, 2024

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method, made at the end of each financial year. Actuarial gains/losses are immediately taken to the statement of profit and loss. The Company presents the accumulated leave liability as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

(i) Retirement benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund authorities. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due.

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on projected unit credit method as at the balance sheet date. Gains and losses through re-measurements of the net defined benefit obligation are recognized in other comprehensive income and are not subsequently reclassified to profit or loss. The defined benefit scheme for gratuity is currently unfunded.

(ii) Other employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives.

i) Revenue Recognition:

The Company derives revenues primarily from IT related services. Effective April 01,2018, the Company has adopted Ind AS 115, "Revenue from Contracts with Customers". Revenue is recognized upon transfer of control of promised services to customers in an amount that refelects the considereation we expect to receive in for those services.

Revenue on time-and-material contracts are recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue. Revenue from fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

The Company recognised incentive from government in respect of Service Exports from India Scheme based on claim lodged by the Company.

Interest Income:

Interest is accounted as per effective interest method. Interest income is included under the head "other income" in the statement of profit and loss. Interest income on term deposits & others are recognised on accrual basis. Interest income on account of financial instruments measured at amortised cost if any, is recognised using effective interest rate method.

Dividend Income:

Dividend is recorded when the right to receive payment is established. Interest income is recognized on effective interest method taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

j) Taxation:

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

for the year ended March 31, 2024

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled. Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the assets will fructify.

Deferred income tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Foreign Currency Transactions:

Functional Currency:

The functional currency of the Company is the Indian rupee.

Transactions and translations:

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the balance sheet date. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the statement of profit and loss.

Provisions, Contingent liabilities and Contingent assets:

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow of embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting obligations under a contract exceed the economic benefits expected to be received, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. A contingent asset is never recognised but only disclosed in the financial statements.

for the year ended March 31, 2024

m) Segment reporting policies:

(i) Identification of segments:

Operating Segments are identified on the basis of internal reports about components of the group that are regularly reviewed by the chief operating decision maker (CODM) in order to allocate resources to the segments and to assess their performance in accordance with Ind AS 108, Operating Segments. Since CODM evaluates Company's performance at a geographic segment level, operating segment information is accordingly given at geographic level.

(ii) Unallocated items

Unallocated items include general corporate asset, liability, income and expense items which are not allocated to any business segment.

(iii) Segment accounting policies

the Firm prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Firm as a whole.

n) Financial Instruments:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

i) Cash & Cash equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

ii) Financial assets at amortized cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through other comprehensive income:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iv) Financial assets at fair value through profit or loss:

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

v) Financial liabilities:

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

for the year ended March 31, 2024

vi) De-recognition of financial instruments:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

vii) Fair value of financial instruments:

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- \succ Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- > Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- \succ Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

viii) Investments in subsidiary:

Investments in subsidiary is carried at cost.

Impairment:

Financial assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Non-financial assets:

Tangible and Intangible assets: PPE, intangible assets and investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Cashflow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

for the year ended March 31, 2024

q) Capital Work in Progress:

Costs of assets not ready for use at the balance sheet date are disclosed under capital work- in- progress. Capital work in progress comprises the cost of fixed assets under construction and not yet ready for their intended use. Capital work in progress is carried at cost, comprising direct cost, related incidental expenses.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is neither related to the construction activity nor is incidental thereto is charged to the Statement of Profit and Loss.

r) Inventories:

Cost is ascertained on a weighted average basis, is defined as being all expenditure, which has been incurred in bringing the product or service to its present location and condition or net realizable values whichever is lower. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

s) Expenditure:

Expenses are accounted on the accrual basis and provisions are made for all known losses and liabilities.

t) Borrowing costs:

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized/inventorised as part of the cost of the respective asset. All other borrowing costs are charged to Statement of Profit and Loss.

u) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.3 Significant accounting judgements, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Judgements:

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

for the year ended March 31, 2024

(b) Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans - Gratuity

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates and expected salary increase thereon.

34 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations to support its operations. The Company's principal financial assets include trade and other receivables, rental and bank deposits and cash and cash equivalents, that derive directly from its operations. The Company is exposed to credit and liquidity risk. The Company's senior management oversees the management of these risks and the Board of Director's reviews these activities.

i. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument would fluctuate due to changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include trade payables. The Company is not exposed to price risk on the financial date.

The sensitivity analysis in the following sections relate to the positions as at March 31, 2023 and March 31, 2022.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations and provisions.

The following assumption has been made in calculating sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023 and March 31, 2022.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The operations of the Company are both in India and overseas. Company has been providing services to overseas customers. Hence, the Company is currently exposed to the currency risk arising from fluctuation of these foreign currencies and Indian rupee exchange rates.

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). At the end of every financial year, the Company makes an assessment whether any loss allowance has to be provided for using the lifetime Expected Credit Loss (ECL) method.

iii. Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company's board of directors are responsible for liquidity, funding as well as settlement management.

Resolution No. 5

Pursuant to the provisions of Section 197 read with Schedule V of the Companies Act, 2013, a Company having inadequate / no profits, may subject to certain conditions and as may be decided by the Board of Directors on the recommendation of Nomination and Remuneration Committee, permits payment of remuneration to Directors who are neither Managing Director nor Whole-time Directors (Non-Executive Directors) of a Company by way of commission, in excess of 2% of the net profits of a company as computed in accordance with the provisions of Section 198 subject to the approval of the members by means of a Special Resolution.

During the financial year ended March 31, 2024, the profits of the Company are not adequate and therefore the commission payable to the Non-Executive Directors would exceed the limits prescribed under the relevant provisions of the Companies Act, 2013.

In the event of inadequacy of profits calculated as per Section 198 of the Companies Act, 2013 in any financial year(s), the Non-Executive Directors of the Company shall be entitled to a minimum remuneration comprising of commission as detailed above subject to such revisions as may be approved by the Board from time to time during the period April 1, 2024 to March 31, 2027.

The members of the Company at an Annual General Meeting held on July 8, 2021 had approved the remuneration payable to Non-Executive Directors by way of commission not exceeding one percent of the net profits of the Company for each financial year.

The Company's Non-Executive and Independent Directors contribute significant professional skills and experience in a variety of functional areas, including marketing, technology, business strategy, finance, and corporate governance. It is vital to suitably compensate such directors in order to do justice to their work and to attract and retain such directors. The total commission awarded to such Directors may exceed one percent of the net-profits of the Company in a given financial year. This resolution authorises such payment of commission upto 2% of the net profits of the Company, or. The commission paid is in addition to the sitting fees for attending Board / Committee meetings.

Details on Step 2 are mentioned below:

- II) Login method for e-Voting for shareholders other than Individual's shareholders holding securities in demat mode and shareholders holding securities in physical mode.
- (A) Members whose email IDs are registered with the Company/ Depository Participants (s), will receive an email from KFintech which will include details of E-Voting Event Number (EVEN), USER ID and password. They will have to follow the following process:
 - i. Launch internet browser by typing the URL: https://emeetings.kfintech.com/
 - ii. Enter the login credentials (i.e. User ID and password). In case of physical folio, User ID will be EVEN (E-Voting Event Number) 8097, followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID. However, if you are already registered with KFintech for e-voting, you can use your existing User ID and password for casting the vote.
 - iii. After entering these details appropriately, click on "LOGIN".
 - iv. You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A-Z), one lower case (a-z), one numeric value (0-9) and a special character (@,#,\$, etc.,). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.
 - v. You need to login again with the new credentials.
 - vi. On successful login, the system will prompt you to select the "EVEN" i.e., '8097- AGM" and click on "Submit"
 - vii. On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/AGAINST" taken together shall not exceed your total shareholding as mentioned herein above. You may also choose the option ABSTAIN. If the Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.
 - viii. Members holding multiple folios/demat accounts shall choose the voting process separately for each folio/demat accounts.
 - ix. Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.
 - x. You may then cast your vote by selecting an appropriate option and click on "Submit".
 - xi. A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you have voted on the resolution (s), you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).
 - xii. The Board of Directors has appointed M/s K. Dushyantha Kumar, Company Secretary in whole time practice, CP No. 6003, FCS Membership No. 6662 as the Scrutinizer to scrutinize the e-voting process in a fair and transparent manner.

xiii. Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI etc.) are also required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to cast its vote through remote e-voting. together with attested specimen signature(s) of the duly authorised representative(s), to the Scrutinizer at email id dushyanthak@gmail.com with a copy marked to evoting@kfintech.com. The scanned image of the above-mentioned documents should be in the naming format "Corporate Name_Even No."

- (B) Members whose email IDs are not registered with the Company/Depository Participants(s), and consequently the Annual Report, Notice of AGM and e-voting instructions cannot be serviced, will have to follow the following process:
 - i. Members who have not registered their email address and in consequence the Annual Report, Notice of AGM and e-voting instructions cannot be serviced, may temporarily get their email address and mobile number provided with KFintech, by accessing the link: https://emeetings.kfintech.com/. Members are requested to follow the process as guided to capture the email address and mobile number for sending the soft copy of the notice and e-voting instructions along with the User ID and Password. In case of any queries, member may write to einward. ris@kfintech.com.
 - ii. Alternatively, member may send an e-mail request at the email id einward.ris@kfintech.com along with scanned copy of the signed copy of the request letter providing the email address, mobile number, self-attested PAN copy and Client Master copy in case of electronic folio and copy of share certificate in case of physical folio for sending the Annual report, Notice of AGM and the e-voting instructions.
 - iii. After receiving the e-voting instructions, please follow all steps above to cast your vote by electronic means.

Details on Step 3 are mentioned below:

- III) Instructions for all the shareholders, including Individual, other than Individual and Physical, for attending the AGM of the Company through VC/OAVM and e-Voting during the meeting.
