

BEREAVEMENT

Demise of our Senior Director

With a heavy heart we regret to inform the sad demise of our Senior Director on the Board, Dr. R.P.Shenoy, on the 16th of August at around 9:45 pm after a brief illness.

He has been on our Board from the inception of the company, giving the necessary support with his wide technical knowledge and experience. We will miss dearly his pertinent questions at the Board meetings, not with an intention to put the other in a tight spot but only to better his own perception. He was an epitome of undying spirit and enthusiasm and his zest for work at his age was commendable.

He leaves behind his wife, and three daughters.

May his soul rest in peace.
